In case of a change of address, either Party can notify this to the other Party following the rules as set out in this clause 17.3. This clause does not apply to the service of any proceedings or other documents in any legal action or, where applicable, any arbitration or other method of dispute resolution. Any notice shall be deemed to have been received (i) if sent by email, at the time of transmission, or, if this time falls outside regular business hours, when business hours resume, and (ii) if delivered by registered mail, on signature of a delivery receipt.
- 17.4. The Supplier is prohibited from transferring, assigning or pledging the Agreement or any part thereof or rights or claims pursuant to the Agreement to third parties without EVBox's prior written consent. This prohibition has legal effect under property law as defined in Section 3:83 (2) of the Dutch Civil Code.
- 17.5. The Supplier may not subcontract any or all of its rights or obligations under the Agreement without EVBox's prior written consent. If EVBox consents to any subcontracting by the Supplier, the Supplier shall remain responsible for the performance of the Agreement and shall be liable for all the acts and omissions of its subcontractors as if they were its own.
- 17.6. A waiver of any right or remedy under the Agreement or by law is only effective if given in writing and shall not be deemed a waiver of any subsequent right or remedy. A failure or delay by a Party to exercise any right or remedy provided under the Agreement or by law shall not constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict any further exercise of that or any other right or remedy. No single or partial exercise of any right or remedy provided under the Agreement or by law shall prevent or restrict the further exercise of that or any other right or remedy.
- 17.7. If any provision or part of any provision of the Agreement is or becomes illegal, invalid or unenforceable, it shall not affect nor impair the legality, validity or enforceability of the remaining parts of that provision or of any other provision of the Agreement and shall be deemed modified to the minimum extent necessary to make it legal, valid and enforceable. If such modification is not possible, the relevant provision shall be deemed deleted.
- 17.8. The Supplier is an independent contractor engaged by EVBox to supply the Goods/Services. Nothing in the Agreement is intended to, or shall be deemed to, establish any partnership or joint venture between the Parties, constitute either Party the agent of the other, nor authorize either Party to assume, create or incur any liability or obligation of any kind, express or implied, against, in the name of or on behalf of the other Party.
- 17.9. The Supplier is and remains responsible for its employees, subcontractors, agents and representatives. The Supplier is not relieved of its liability for these persons and no obligations in relation to these persons shall pass to EVBox as a result of the Agreement.

17.10. If where the Supplier is based, the official language is not English, the Parties may agree to append to the Agreement a translation of the Agreement (or part thereof) in the local language. In the event of any conflict between the English and the local language version of the Agreement, the Parties agree that the English version shall prevail.

**18. APPLICABLE LAW AND JURISDICTION**

18.1. Unless otherwise specified, the Agreement is governed by and construed in accordance with the laws of The Netherlands, without reference to the conflict of laws provisions. The applicability of the Convention on Contracts for the International Sale of Goods 1980 is excluded.

18.2. Each Party irrevocably agrees that the competent courts in Amsterdam, Netherlands, shall have exclusive jurisdiction to settle any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with the Agreement or its subject matter or formation.

3. In connection with the performance of the obligations under the Agreement, the Supplier commits to comply in its name and in the name and on behalf of its suppliers and sub-contractors with the same rules.
4. As regards its own operations, Supplier undertakes to actively cooperate with EVBox and to take the required action to allow EVBox to fulfil its own legal obligations arising under its duty of vigilance. To this end, Supplier shall assist, in particular, with the implementation of the measures set out in the Code of Conduct as stated above (risk mapping, alert and whistleblowing mechanism etc.) and immediately report to EVBox any serious breach or, any circumstances that could potentially constitute a serious breach, of the above-mentioned rules, in the performance of its relationship with EVBox.
5. EVBox may require Supplier to prove its compliance with the requirements set out in this clause at any time and may audit Supplier, directly or through a third party, at any time and at its own expense, provided that it gives prior notice of the audit to Supplier.
